

Corrigendum

Dilute Potts model, duality and site-bond percolation

Wu F Y 1981 *J. Phys. A: Math. Gen.* **14** L39-44

The factor $h(G)$ in equation (6) should read $h(G')$.

The RHS of equation (14) should read

$$q^{N-1} \exp(-EK) Z^{(D)}(q; \mathbf{K}, L_i).$$

The equation number in line 3, p L44, should read (22).
